

Known Issues in DataShop v3.0.17 as of June 4, 2008

Issue ID	Priority	Known Issue
DS481	High	Inconsistent results on the Student-Step Rollup when individual KCs are selected and deselected.
DS530	High	IE6: No Hypothesis field in Overview table
DS543	High	Student-Step Rollup table is missing steps if both a primary and secondary KC model is selected and one model includes a step that is not found in the other model.
DS559	High	No tooltip over KC navigation box if the KC name has double-quotes.
DS579	High	The average corrects value is wrong in the KC Model export.
DS598	High	Import File Verification tool does not fail on invalid Time formats
DS599	High	Std. Deviation Cutoff does not re-enable when switching tabs.
DS601	High	Correct Step and Assistance time queries slow when Std. Dev. cutoff set
DS610	High	In IE7, the KC Sets dialog displays incorrectly within the context of the Error Report.
DS615	High	The Student-Step Rollup table does not load if all KCs are deselected.
DS626	High	The options on the Step Rollup navigation box do not refresh correctly.
DS630	High	KC Model Import feature still needs some UI improvements.
DS461	Medium	Cannot hide the full abstract after editing it on the Papers and Files page.
DS482	Medium	Import Tool should ignore extra columns and make KC Category column optional.
DS527	Medium	We should show the AIC and BIC values on the KC Models page.
DS529	Medium	In IE6, the page grid controls don't display correctly.
DS536	Medium	In IE6 and IE7, the 'Other...' option does not work.
DS538	Medium	Long values in Dataset Info fields break the display.
DS539	Medium	In IE6 and IE7, the tooltips display multiple times in the Performance Profiler graph.
DS544	Medium	The rows of the Problem Breakdown table should be ordered alphabetically by problem hierarchy, problem name, and problem step.
DS553	Medium	In Safari, the redo image is not aligned correct for the date row.
DS562	Medium	Custom fields are not displayed properly if they contain ampersands.
DS566	Medium	In IE6, the page grid controls poke through the 'Building Export' dialog.
DS567	Medium	In IE6 and IE7, the return link on the Help page is wrong.
DS575	Medium	A Javascript error occurs when clicking on the 'continue' button without choosing one of the two options.
DS593	Medium	The tooltips expands with each subsequent hover.
DS597	Medium	In the Student-Problem Rollup, the KCs shown in the table is not correct when a subset of the available KCs are selected.
DS602	Medium	The unit of measure should be seconds for the problem latency in the Student-Problem Rollup and for Assistance and Correct Step Time for the Student-Step Rollup.
DS608	Medium	LFA values not displaying students with null values but does count them in the number of parameters.
DS609	Medium	In Safari and IE6, some of the functionality of the KC Sets feature do not work properly.
DS611	Medium	In IE7, the opportunity cutoff min and max are not displayed after a page refresh.
DS612	Medium	In the Error Report by KC, the problems are listed in a single line, not on separate lines like before.
DS619	Medium	KC Model import dialog incorrectly says user doesn't own model
DS632	Medium	The Performance Profiler tooltip doesn't show the percent correct and incorrects like it did before.
DS638	Medium	In the Student-Problem Rollup, deselecting all students or problems has no effect.
DS643	Medium	In the Performance Profiler, display the Problem Hierarchy in the tooltip when mouse over the problem name on graph axis.
DS644	Medium	In the Performance Profiler, the order of cutoffs in navbox should match order in tool tip.
DS168	Low	In Safari, using the arrow keys in the text box causes the cursor to jump two items instead of just one.
DS170	Low	Learning Curve: Colors are bouncing around when selecting and deselecting multiple samples.
DS313	Low	Going back to home page always shows My Datasets
DS359	Low	Exception on Export page if level hierarchy is reversed for some problems

DS426	Low	Clicking scroll bar closes sample filter popup (IE and Safari)
DS433	Low	Order of columns in Sample Selector's preview table illogical.
DS464	Low	Difficult to see information in dropdowns on Dataset Info page when the length is greater than expected.
DS468	Low	On the Dataset Info page, the tooltip on Problem Breakdown table vertical controls doesn't always change on mouseover.
DS472	Low	Chinese characters do not display for the titles of learning curves.
DS476	Low	In the Performance Profiler, the tooltips do funky stuff in the Problem navigation box.
DS495	Low	In IE6, comboboxes on the Sample Selector dialog poke through the help window.
