

## Known Issues in DataShop v3.0.22 as of July 6, 2008

Issue ID	Priority	Known Issue
DS678	High	Opportunity number 0 displayed in latency curve table in some cases.
DS679	High	Graph image not showing correct number of opportunities in some cases.
DS461	Medium	Cannot hide the full abstract after editing it on the Papers and Files page.
DS482	Medium	Import Tool should ignore extra columns and make KC Category column optional.
DS544	Medium	The rows of the Problem Breakdown table should be ordered alphabetically by problem hierarchy, problem name, and problem step.
DS553	Medium	In Safari, the redo image is not aligned corect for the date row.
DS566	Medium	In IE6, the page grid controls poke through the 'Building Export' dialog.
DS567	Medium	In IE6 and IE7, the return link on the Help page is wrong.
DS575	Medium	A Javascript error occurs when clicking on the 'continue' button without choosing one of the two options.
DS593	Medium	The tooltips expands with each subsequent hover.
DS597	Medium	In the Student-Problem Rollup, the KCs shown in the table is not correct when a subset of the available KCs are selected.
DS608	Medium	LFA values not displaying students with null values.
DS609	Medium	In Safari and IE6, some of the functionality of the KC Sets feature do not work properly.
DS611	Medium	In IE7, the opportunity cutoff min and max are not displayed after a page refresh.
DS662	Medium	Overwriting a KC model does not update created time
DS671	Medium	Editing a paper or file removes the 'add' Papers/Files icon. Page refresh fixes it.
DS673	Medium	'Predicted Error Rate' points sometimes not connected in Performance Profiler
DS674	Medium	Step Rollup predicted error rate value format changed
DS680	Medium	Exporting and Importing some datasets causes a loss of data on CL datasets.
DS684	Medium	IE6: Page grid controls don't appear for tables on Export page
DS168	Low	In Safari, using the arrow keys in the text box causes the cursor to jump two items instead of just one.
DS170	Low	Learning Curve: Colors are bouncing around when selecting and deselecting multiple samples.
DS313	Low	Going back to home page always shows My Datasets
DS359	Low	Exception on Export page if level hierarchy is reversed for some problems
DS426	Low	Clicking scroll bar closes sample filter popup (IE and Safari)
DS433	Low	Order of columns in Sample Selector's preview table illogical.
DS464	Low	Difficult to see information in dropdowns on Dataset Info page when the length is greater than expected.
DS468	Low	On the Dataset Info page, the tooltip on Problem Breakdown table vertical controls doesn't always change on mouseover.
DS472	Low	Chinese characters do not display for the titles of learning curves.
DS476	Low	In the Performance Profiler, the tooltips do funky stuff in the Problem navigation box.
DS495	Low	In IE6, comboboxes on the Sample Selector dialog poke through the help window.
